

MCW Career Talks

2024 Professional Development Series

@ZY as a Senior Medical Writer

Thurs., May 30th - 12:00PM - 1:00PM

Guest Speaker: Chris Goetz, PhD '21

Chris earned his PhD in Biochemistry from MCW in June 2021, studying the “Development of chemical probes and small molecules to modulate cellular sirtuin deacylase activity.” He currently works as a Senior Medical Writer for Medtronic in the Surgical operating unit, supporting clinical and regulatory activities for the Medtronic hernia mesh portfolio.

Chris will share his experiences as a Senior Medical Writer in the medical device industry and strategies that helped him land his current role and successfully transition into industry.
