

Center for Imaging Research Operational Procedure

BILLING / CANCELLATION

Category: Center for Imaging Research Operational Procedure

Procedure #: CIR.SOP.4

Applies to: Investigators, study personnel, MRI staff.

PURPOSE:

Establish a standard operating procedure for the generation of invoices, specifying any, scanner fees, applicable late fees, or penalties. Enabling effective record-keeping, accurate financial reporting, and mitigating disputes or misunderstandings related to billing and payments.

DEFINITIONS:

- **Online Appointment Scheduler:** A web-based portal, iLab, utilized for scheduling and billing system usage

POLICY:

- A. All utilized time must be recorded on the CIR's Online Appointment Scheduler.
- B. All scheduling is on a first-come, first-serve basis, though CIR administration reserves the right to alter the schedule.
- C. All usage time on the scanners will be chargeable according to the CIR's Online Appointment Scheduler.
- D. Audits of scanner control access will be used to verify users are properly charged.
- E. Use of a scanner without a chargeable account will be billed to the PI with an additional \$25-per-hour administrative fee.
- F. If your appointment goes beyond the initially scheduled and approved duration, your appointment time will be adjusted to reflect the actual time used, and charges will be applied accordingly.

Cancellations and unused scanner time:

- A. Each project is allowed two no-charge cancellations or no-shows per month. Cancellations or no-shows beyond that limit are charged full price. The only exception to this is cancellation due to a severe weather warning issued by the Southeast Wisconsin National Weather Service office. These will not count against the 2 "free" cancellations.

- B. There will be no charge for time that was canceled because of the malfunction or failure of scanners or major CIR-maintained equipment. This does not include failure or malfunction of investigator-provided equipment or the lack of availability of research subjects.
- C. Overdue scanner charges: Investigators whose billed charges are more than 90 days past due will be given notice that their use of scanner facilities will be withheld, if all billed charges are not paid within 30 days of that notice.

PROCEDURES:

- A. All utilized time will be billed through the CIR's online appointment scheduler (iLab)
- B. Scanner time for human research is billed monthly in quarter-hour increments. Scanner time for animal research is billed monthly in whole-hour increments.
- C. Billing for new studies are established following the CIR's [billing workflows](#).
