Community Health Advocate Program
Ground Rules for Meetings

1) All discussions within the meetings are confidential and stay within the group.

2) One person speaks at a time.

3) We deal with one issue at a time.

4) No hearsay is to be presented, only factual, first hand information is provided.

5) Discussions are to occur in a normal tone of voice.

6) Anyone confronted has the right to address an issue presented after the issue has been presented.

7) All discussions will occur only after routine business has been conducted.

8) All discussions must pertain to matters of the Advocate process and not to the personal agenda of an individual or the politics of a specific building.

9) At all times, remember what you have been taught in the training program and conduct yourself as a leader of your community.
