

The Medical College of Wisconsin

Vision ♦ To be a premier Medical School that is a resource for the communities of Wisconsin and beyond.

Mission ♦ To be a national leader in the education and development of the next generation of physicians and scientists; to discover and translate new knowledge in the biomedical sciences; to provide cutting-edge, interdisciplinary and compassionate clinical care of the highest quality; to improve the health of the communities we serve.

History ♦ The Medical College of Wisconsin is a private, national, freestanding institution. The College was founded in 1893 as the Wisconsin College of Physicians and Surgeons. In 1913 the Wisconsin College of Physicians and Surgeons and the Milwaukee Medical College merged to become the Marquette University School of Medicine.

In 1967 Marquette University, due to financial constraints, terminated its sponsorship of the medical school. The school then continued as a private, freestanding institution. Its name was changed in 1970 to The Medical College of Wisconsin. The College has approximately 13,500 alumni.

Degrees Offered ♦ The Medical College offers the MD, PhD, MS, MPH and MA degrees. PhD degrees are awarded in biochemistry; biophysics; biostatistics; cell biology, neurobiology and anatomy; microbiology and molecular genetics; pharmacology and toxicology; public and community health; physiology and functional imaging (joint PhD program with Marquette University).

Master's degrees are offered in: bioethics (MA), epidemiology (MS), and public health (MPH). Joint

The Medical College of Wisconsin's Health Research Center serves as the College's front entrance (on 87th St., just south of Watertown Plank Rd.)

degree programs are offered in: bioinformatics (MS) and healthcare technologies management (MS) with Marquette University, and medical informatics (MS) with the Milwaukee School of Engineering. In addition, Graduate Certificate programs are offered in Public Health and in Research Ethics.

Residency training is offered in almost all medical specialties and subspecialties.

In 2007, the Higher Learning Commission of the North Central Association of Colleges and Schools (HLC-NCA) granted reaccreditation to the Medical College for the longest term possible (10 years). The NCA is the accrediting body for all institutions of higher education in the College's geographic region. (NCA, 30 N. La Salle St., Suite 2400, Chicago, IL 60602-2504, (312) 263-0456.)

In 2003, the Liaison Committee on Medical Education (LCME) awarded full, eight-year accreditation to the Medical College, the maximum period of accreditation. The LCME is the accrediting body of all US medical schools.

Faculty/Staff ♦ The Medical College has nearly 5,300 faculty and staff (approx. 4,800 full-time equivalents).

Faculty: More than 1,400 full-time and part-time

Staff: More than 3,400 full-time / 200 part-time / 240 project and limited-term. Approximately 5,100 faculty and staff work on the Milwaukee Regional Medical Center campus and nearly 200 work at 13 other health care facilities in eastern Wisconsin. Approximately 1,000 physicians from the community serve as volunteer faculty. The College is the 10th largest private employer in metro Milwaukee.

Education ♦ There are more than 1,200 students enrolled in educational programs at the Medical College. This includes 820 medical students, and more than 400 graduate students.

College faculty supervise approximately 650 physicians in residency training and 200 physicians in fellowship training through The Medical College of Wisconsin Affiliated Hospitals. Approximately 200 scientists are engaged in postdoctoral research fellowship training through the Office of Postdoctoral Education.

The College provides continuing medical education to more than 15,000 health professional registrants each year.

Research ♦ *The Medical College of Wisconsin is a major national research center, in fact, the largest research institution in the Milwaukee metro area and 2nd largest in Wisconsin.*

In FY 2007-08, faculty received approximately \$147 million in external support for research, teaching, training and related purposes, of which approximately \$134 million is for research. This total includes highly competitive research and training awards from the National Institutes of Health (NIH).

In the federal government's FY 2008, the College received \$90.6 million in NIH funding. The Medical College ranks 44th among the nation's 130 medical schools for NIH research funding.

Annually, College faculty direct or collaborate on more than 3,000 research studies, and more than 1,300 scientific papers by College faculty are published in peer-reviewed medical journals. Studies are conducted in 27 academic departments and the following centers:

Federally Designated Centers

- National Biomedical Electron Paramagnetic Resonance Center
- National Center for Proteomics Research and Development
- National Center for AIDS Intervention Research
- National Injury Research Center
- Wisconsin CIREN (Crash Injury Research and Engineering Network) Center
- National Center for Medical Countermeasures Against Radiological Terrorism
- National Research Center of Excellence in Pediatric Nephrology
- National Children's Study Center

International Center

- Center for International Blood and Marrow Transplant Research

College Centers

- Cancer Center
- Cardiovascular Center
- Human and Molecular Genetics Center
- Digestive Disease Center
- Center for Biotechnology and Bioengineering
- Clinical and Translational Science Institute
- Functional Imaging Research Center
- Center for Biopreparedness and Infectious Diseases
- Kidney Disease Center

- Center for Patient Care and Outcomes Research
- Arthritis Institute

Technology Transfer ♦ In FY 2007-08, College faculty and students reported 40 new discoveries and inventions to the College's Office of Technology Development. The College currently has 250 pending and issued patents in the U.S. and foreign countries. To bring these new technologies and related products to market, the College has research and development affiliations with campus institutions, other major universities and research institutions, health care organizations, as well as government and venture capital groups in Wisconsin and elsewhere. The College has launched 18 start-up companies and licensed technologies to 50 pharmaceutical, diagnostic, biotechnology and medical device corporations.

Patient Services ♦ More than 1,100 Medical College of Wisconsin physicians provide adult patient care as the **Medical College Physicians** and pediatric patient care through **Children's Specialty Group**, a joint venture with Children's Hospital and Health System. The Medical College of Wisconsin physician practice includes doctors in every specialty and subspecialty of medicine.

Each year, Medical College of Wisconsin physicians, physician assistants, nurse practitioners and psychologists care for more than 350,000 patients, representing nearly 1.4 million patient visits.

Medical College of Wisconsin physicians practice at three major affiliates - Froedtert Hospital, Children's Hospital of Wisconsin, and the Zablocki VA Medical Center - and many other hospitals and clinics in the Milwaukee area.

Froedtert Hospital is the primary adult hospital affiliate of the Medical College and is staffed by College physicians providing care in all medical specialties and subspecialties. Froedtert & The Medical College of Wisconsin are at the forefront of new technology and care in many areas, including cancer, heart and vascular diseases, brain injury and disorders, spinal cord injury, transplant, communication disorders, digestive diseases, diabetes, orthopedics, urology and women's health. Froedtert has the only adult Level 1 Trauma Center in eastern Wisconsin. The Froedtert & The Medical College of Wisconsin Clinical Cancer Center offers the full range of treatment options for every type of cancer in an optimistic healing environment where cancer specialists work together as a team to care for patients. See information at www.froedtert.com.

Children's Hospital of Wisconsin is the principal pediatric hospital affiliate of the Medical College. In 2009, *Parents* magazine rated Children's Hospital third in the nation in its Best Children's Hospital survey, and five Children's specialty areas earned top 10 ratings: Emergency Medicine - No. 2, Neonatal Care - No. 5, Pulmonary Care - No.7, Cardiac Care - No. 9, Cancer care - No. 10. Children's Hospital is a Level I Pediatric Trauma Center verified by the American College of Surgeons. For more information, see www.chw.org.

Medical College physicians are on staff at the **Clement J.**

Zablocki VA Medical Center, a major hospital affiliate of the College since 1946. The VA Medical Center provides 168 acute care hospital beds. Annually, it admits 6,400 patients and records more than 575,000 outpatient visits. It is one of the busiest and most comprehensive centers operated by the Department of Veterans Affairs. Approximately \$17.4 million in research (funded primarily by the VA and the NIH) is conducted by College faculty at the Zablocki VA Medical Center. See information at www.visn12.med.va.gov/milwaukee.

Primary care clinics provided by Froedtert & The Medical College of Wisconsin

- **Internal Medicine East Clinic**, Froedtert East Clinics building, 9200 W. Wisconsin Ave
- **FastCare Sussex Clinic**, N66 W25201 County Highway VV
- **Lincoln Avenue Clinic**, 11211 W. Lincoln Ave., West Allis
- **Community Memorial Medical Commons - Primary Care Clinic & Walk In Clinic** W129 N7055 Northfield Dr., Menomonee Falls
- **Plank Road Clinic & Walk In Clinic**, Tosa Center, 1155 N. Mayfair Road
- **Sargeant Internal Medicine Clinic**, 840 N. 87th St., Milw
- **Sunnyslope Primary Care Clinic**, 1350 Sunnyslope Road, Brookfield
- **Springdale Health Center - Primary Care Clinic & Ob/Gyn Clinic**, 21700 Intertech Dr, Brookfield

Clinics staffed by Medical College Family and Community Medicine physicians

- **Columbia St. Mary's Family Health Center** - 1121 E. North Ave.
- **Racine Family Medicine Center** - 1320 Wisconsin Ave (ending June 30, 2009)
- **Waukesha Family Medicine Program** - 210 NW Barstow
- **Wheaton Franciscan - Glendale Family Care Center** - 2400 W. Villard Ave.

Off-campus clinics providing specialty care

- **Children's Hospital of Wisconsin Clinics-Greenway** - 3365 S. 103rd St, Greenfield - Pediatric specialties in cardiology, orthopedics, sports medicine, radiology, urology
- **Community Memorial Medical Commons** - W129 N7055 Northfield Dr, Menomonee Falls - Cardiology, Endocrine, General Surgery, Geriatrics, Neurology, Ob/Gyn, Physical Medicine & Rehabilitation, Psychiatry, Pulmonary, Urology
- **Endocrinology Clinic at West Bend** - 1700 W. Paradise Road, West Bend
- **Eye Institute West Clinic** - N19 W24075 Riverwood Dr, Pewaukee - Adult and Pediatric Ophthalmology
- **Froedtert & The Medical College of Wisconsin Specialty Clinics at St. Joseph's Hospital** - 3200 Pleasant Valley Rd., West Bend - Cardiology, Plastic Surgery and Urology
- **General Pediatrics and Adolescent Medicine at Downtown Health Center** - 1020 N. 12th St., Milwaukee
- **Lakeshore Eye Care** - 11307 N. Port Washington Rd., Mequon - Pediatric Ophthalmology
- **Lilly Centre** - 13800 W. North Ave., Brookfield - Child Development Center
- **Lincoln Avenue Clinic** - 11211 W. Lincoln Ave., West Allis - Endocrinology, Ob/Gyn
- **Ob/Gyn Clinic, Community Memorial Hospital** - W180 N8085 Town Hall Road, Menomonee Falls
- **Otolaryngology at Greenway Medical Complex** - 3365 S. 103rd St., Ste 210, Greenfield

- **Pain Clinic**, Tosa Center, 1155 N. Mayfair Rd.
- **Physical Medicine and Rehabilitation at Lakeview NeuroRehab Center**, 1701 Sharp Road, Waterford
- **Psychiatry Clinics**, Tosa Center, 1155 N. Mayfair Rd.
- **SpineCare Clinic**, Tosa Center, 1155 N. Mayfair Rd.
- **SpineCare Clinic** - 1230 Corporate Center Drive, Oconomowoc

Clinics in medically underserved areas with health care provided by the Medical College

- **Hillside Clinic** - 1452 N. 7th St.
- **Mitchell Street Clinic** - 1231 W. Mitchell St.
- **Saturday Clinic for the Uninsured** - 1121 E. North Ave.

Regional Clinical Alliances ♦ Medical College physicians, physician assistants, nurse practitioners, and psychologists provide services as indicated at the following health care centers in Wisconsin.

APPLETON Fox Cities Eye Clinic • Ophthalmology services in pediatrics and for adults with strabismus eye disorder. **Affinity Heart and Lung Center** • Pediatric cardiology services

DEPERE Children's Hospital of Wisconsin Clinics-Green Bay • Pediatric gastroenterology and surgery.

FOND DU LAC Agnesian Health Care • Cardiology.

FOX VALLEY (NEENAH) Children's Hospital of Wisconsin Clinics-Fox Valley • Pediatric services in cardiology, dermatology, endocrinology, gastroenterology, genetics, psychiatry, urology and surgery. Also services for adults with congenital heart disease.

TheDACare (Appleton/Neenah area) Froedtert Hospital and the Medical College have entered into an alliance with TheDACare to jointly provide patient services, including endocrinology and a transplant clinic.

KENOSHA Kenosha Medical Center Campus (United Hospital System) • Adult endocrinology and rheumatology consultation services.

St. Catherine's Hospital (United Hospital System) • Radiation oncology services.

Children's Hospital of Wisconsin Clinics-Kenosha (Kenosha Medical Center Campus) • Pediatric services in cardiology, child advocacy, gastroenterology, genetics, urology and pediatric and adult asthma/allergy.

MADISON St. Mary's Hospital • Pediatric critical care, pediatric hospitalist.

MARSHFIELD St. Joseph's Hospital • Surgery services, including pediatric heart surgery and pediatric surgery.

MENOMONEE FALLS Community Memorial Hospital • Radiation oncology, Ob/Gyn consultation and perinatology, cardiology, pathology, psychiatry, pulmonary services, and neonatology.

MILWAUKEE Wisconsin Pediatric Cardiology • Pediatric cardiology services.

RACINE Wheaton Franciscan Healthcare - Spring Street Campus • Pediatric cardiology and genetics.

SHEBOYGAN St. Nicholas Hospital • Nephrology, endocrinology consultation services.

WAUKESHA Waukesha Memorial Hospital • Gynecologic oncology, neonatology and perinatology services.

WEST ALLIS Rogers Memorial Hospital • Medical psychiatry services.

Other Affiliates ♦ The Medical College has affiliations with health care institutions in southeastern Wisconsin to provide residency training for physicians. They are:

Aurora Health Care

Aurora Sinai Medical Center, Milwaukee
St. Luke’s Medical Center, Milwaukee

BloodCenter of Wisconsin

Children’s Hospital and Health System

Columbia St. Mary’s Health System

Columbia St. Mary’s, Columbia Campus
Columbia St. Mary’s, Milwaukee Campus

Froedtert & Community Health, Inc.

Froedtert Hospital
Community Memorial Hospital of Menomonee Falls

Mendota Mental Health Institute

Milwaukee County Medical Examiner’s Office

Milwaukee County Behavioral Health Division

ProHealth Care, Inc.

Waukesha Memorial Hospital

Rogers Memorial Hospital

Wheaton Franciscan Healthcare

Wheaton Franciscan - St. Joseph’s, Milwaukee
Wheaton Franciscan - All Saints, Racine (ending June 30, 2009)

Zablocki Veterans Affairs (VA) Medical Center

Public and Community Health ♦ The Medical College of Wisconsin invests significantly in expanding its community mission to build strategic community-academic partnerships that have the greatest impact on Wisconsin’s most critical health needs. More than 150 faculty from over 20 departments and centers are working with greater than 200 diverse community groups to advance public and community health in the metro Milwaukee area and throughout Wisconsin.

The following College centers focus on strengthening community and individual capacity to improve health:

- Center for the Advancement of Underserved Children
- Center for AIDS Intervention Research
- Center for Healthy Communities
- Injury Research Center

The following programs, directed by or involving Medical College faculty, staff and students, employ innovative approaches to health promotion and disease prevention directly in local communities:

- Downtown Health Center
- HOPE Initiative (Health Outreach, Partnering and Education)
- MCW/Westside HealthCare, Inc. Project
- Saturday Clinic for the Uninsured

• In addition, the Medical College and Froedtert Hospital provide general medical assistance by participating in Wisconsin’s Badger Care Plus program.

The College’s public and community health mission is complemented by the Advancing a Healthier Wisconsin (AHW) endowment, dedicated to improving the health of the people of Wisconsin through three components:

- *Healthier Wisconsin Partnership Program* supports

www.mcw.edu www.healthlink.mcw.edu

community-academic partnerships that address public and community health improvement.

- *Research for a Healthier Tomorrow* supports research initiatives in such fields as cardiovascular disease, cancer, neuroscience, genetics and population health.
- *Educational Leadership for the Health of the Public* supports programs that provide training for health care professionals, medical and graduate students, patients and consumers.

Since 2004, the Advancing a Healthier Wisconsin program has awarded funding to 215 projects.

The Campus ♦ The Medical College is one of six organizations working in collaboration on the Milwaukee Regional Medical Center campus. Most physicians who staff the clinics and hospitals on campus are full-time faculty physicians of the College. Other campus organizations (and number of hospital beds) are: **Froedtert Hospital (451)**, **Children’s Hospital of Wisconsin (236)**, **Blood Research Institute** of BloodCenter of Wisconsin, **Curative Care Network** and the **Milwaukee County Behavioral Health Division (230)**. The College and its Medical Center affiliates employ approximately 13,000 people on campus.

Libraries ♦ Medical College Libraries comprise three facilities: the main research library located in the Health Research Center; and two clinical libraries, one in Children’s Hospital of Wisconsin and one in Froedtert Hospital. The libraries hold among the largest health sciences collections in the Midwest, with more than 250,000 volumes and 3,000 online journals, 800 electronic books and 85 databases. The Library has an active education program training users in accessing online information. The Library is a leader in providing evidence-based-medicine resources and instruction for the Medical College community. The library is open to the public and serves a number of health consumers, including patients and their families.

Private Support ♦ The Medical College received about 6,300 new gifts and pledges totaling more than \$20.6 million in FY 2007-08. The College has consistently received the highest rating from Charity Navigator, the nation’s largest independent evaluator of charities.
