2016 Teaching Updates

Presented by
Office of Educational Improvement
New Media Service Center--M2130
New Media Service Center – M2130

- Hours: Monday – Friday, 7:30am – 4:30pm
- Monitoring the technology: Polycom video conferencing call to the regional campuses at MCW-GB and MCW-CW, as well as other elements such as the Echo360 recording/livestream.
- The Media Service Center provides full remote assistance in
  - MCW Milwaukee
  - MCW-Green Bay
  - MCW-Central WI
- The software used within the Media Service Center also allows for any A/V issues to be identified and tracked from a centralized location.

Contact the Media Service Center at mediaservices@mcw.edu or x4357, Option 2
Badge Scanning for Exam Attendance: MKE Classrooms
Multiple Campus View on Single Monitor
Audience Response Interface Updates

• New look to **Planning (left)** and **Presenting (right) sections**
• Option to incorporation with PowerPoint slides*
• Less buttons to click—no magnify

* Providing presentation does not have links, videos or animations
New Design to AMX Panels
Office 365

Features:
- Each user is licensed to install up to five compatible PCs and Macs and five mobile devices
- You can create, edit, and collaborate on documents with no installation necessary
- Compatible with Box, MCW's file collaboration tool
- Software automatically updated by Microsoft (it is no longer necessary for MCW-IS to push updates)
- Access to Skype for Business (Virtual Office Hours)
PowerPoint Presenter View Option

Presenter view in PowerPoint features options that allow you more control over the slide show presentation, such as the ability to show slides out of sequence and a black-out button that allows you to blacken the screen for the audience while maintaining your view of the presentation and your notes on your own monitor. Presenter view works on an operating system that supports multiple displays and allows you to run your presentation from one monitor and let the audience view it on another monitor or a projector.

Student Device Requirements

Mobile Device

MCW does not provide you a mobile device. A mobile device is required to perform the following:

- Engage in interactive learning experiences.
- Annotate notes/handouts in class.
- Access eBooks and other electronic materials.
- Complete online forms in clinic.
- Create audio and video recordings for review and documentation.
- View web-based recorded video content.
- Participate in audience response system.

We recommend one of the following:

- iPhone, iPad, or iPod running iOS 8.0 or higher
- Any Android that is running 4.1 or higher, but the device must support encryption
