  — Scheduling Information

Benchmark OSCE
• June 9-13, 2014
• Graduation requirement
  — Standardized patient/simulation stations
  — Complete a patient note (typed)
• Graded as Pass/Fail
• Alternative pathway for students to meet competency criteria for graduation
  — Information will be provided in Winter 2013/14

Benchmark OSCE Policy
Approved by Academic Standing Committee
March 12, 2009
• Fail on 1st Attempt
  — A remediation plan, including but not limited to, extensive monitoring of clinical skills/direct patient care, will be established and individualized to the particular needs of that student.
  — A second attempt at the Benchmark OSCE will then be offered on October 1 (or if on a weekend, first weekday in October)
  — A passing score must be reported by March 1 of the year of graduation for a student anticipating graduation in May or June.
• Fail on 2nd Attempt
  — Student will be considered for dismissal from MCW.

NBME Comprehensive Clinical Science Subject Exam
• USMLE-style MCQ exam covering the information learned in the clerkships
• Follows USMLE Step 2-CK item format/content
• Will be scheduled for May/June 2014
  — Individual Student Score profile provided in 4 weeks (or sooner)
• Further information provided in the Spring
• Required
