At the core of everything we do at the Medical College of Wisconsin (MCW) is the pursuit of new knowledge and the power of academic medicine. Bringing together the world’s top scientists and clinicians, inspired students, and invested communities, we are driven to solve the most complex challenges in health and society. MCW is home to a diverse group of health and science leaders collaborating to build a healthier world and a continuous cycle of life-changing knowledge.

New knowledge changes everything, from a single life to an entire community.

Of the 292 residents and fellows who graduated from MCWAH* programs in 2022, 57% stayed in Wisconsin.

RECRUITED 3,535 INDIVIDUALS TO REGION OVER 10 YEARS
(Faculty, staff and students recruited to MCW from outside southeastern Wisconsin)
Transforming Health Sciences Education

Tomorrow’s discoveries happen right here alongside the very people who bring those lessons to our students. MCW physicians, pharmacists and other healthcare professionals care for patients and conduct research all while teaching the next generation of healthcare providers. Every bit of knowledge, and every advancement, provides our students with an unprecedented, collaborative learning environment, and helps improve the vitality and care of our communities. We strive for ever-increasing excellence in our models of teaching, and our innovative approach to health sciences education is improving access to healthcare where it is needed most.

Accelerating Discovery

Our scientists lead biomedical and population health advancements through laboratory research, clinical trials and community-engaged research. These studies are conducted in collaboration with local, national and global thought leaders and innovators. Research drives discovery and generates new knowledge that can change everything, including how we define, diagnose, treat and prevent disease, as well as how we train the next generation to push beyond the boundaries of what is possible.
Harnessing the Power of Academic Medicine

Physicians and other healthcare professionals at MCW are rewriting the stories of patients and families with the latest research-based treatment options, cutting-edge clinical trials and collaborative, team-based care. Our clinicians work with teams of the world’s foremost scientists to pioneer new treatments, inspire and educate the next generation of healthcare providers and contribute to groundbreaking research. This is the power of academic medicine, harnessed to treat the most complex conditions and advance the health of entire communities.
Building a Healthier World Together

We believe the only way to build a healthier world is to build it together. We are committed to keeping people healthy in southeastern Wisconsin, as well as in communities across the state and around the globe. Our teams work in collaboration with hundreds of organizations to engage community members and address the most pressing issues affecting health in the state and beyond. MCW assists communities in advancing health and equity by developing collaborative research and patient care partnerships.

1,263
Faculty & Staff
worked with over 920 Community Partners, Groups, and Organizations to improve health across Wisconsin

$20 Million
Investment to improve Behavioral Health Outcomes through the Advancing a Healthier Wisconsin Endowment

INSTITUTE FOR HEALTH AND EQUITY
researches, educates and shares expertise collaboratively to Improve Health and Advance Equity locally, nationally and globally

Contributing Vitality to our Region and State

2nd Largest NIH Funding Recipient in WI

$1.82 Billion
in research funding over the last 10 years

$85.2 Million
in FY22

>19,895 Alumni
Contribute to patient care and new knowledge/discoveries throughout Wisconsin, the nation and globally

Honored in 2022 by Forbes as a Best-in-State Employer, which places MCW in the top 3% of all U.S. employers with 500 or more employees, and by INSIGHT Into Diversity magazine for our commitment to broadening diversity and inclusion

The Office of Institutional Advancement supports the strategic objectives of MCW and Froedtert Hospital by engaging with philanthropic benefactors and community leaders. We collaborate with donors to establish research and patient care programs, invest in training for healthcare professionals, and provide support to secure healthier communities now and into the future.
