

## *Division of Biostatistics*

### **Seminar Talk:** *CAR T-cell therapy: Clinical Outcomes and Statistical Considerations*

**JOIN US!** *Tuesday, October 5, 2021 3:30 – 4:30 PM*

Presented virtually by:

Amy Moskop, MD

*Dr. Moskop recently completed her fellowship training in Pediatric BMT/Cellular therapy and is now an Assistant Professor in the Department of Pediatrics at Medical College of Wisconsin / Children's Wisconsin. During her fellowship she worked with the CIBMTR, under Dr. Pasquini's guidance, and is now the assistant Scientific Director of the Cellular Immunotherapy Working Committee. Her research interests include Chimeric Antigen Receptor T cells for Acute Lymphocytic Leukemia.*
