What do I have to do to be able to start volunteering for Reach Out and Read-Milwaukee (ROR-M)

Please complete all of these requirements

☐ Complete a Reach Out and Read Volunteer application form.

☐ Complete the Background Information Disclosure form.
(A background check will be run, volunteers must “pass” this check in order to volunteer.)

☐ Two negative TB test reports (at least one test must be within one month of starting volunteer service, the other TB test may be within the last 12 months). If you have had one in the past 12 months, get a copy of the results.

☐ Documentation of two MMR (measles, mumps, rubella immunizations you had as a child). Obtain a copy of your childhood immunization records. Call your primary care doctor, or high school to get your records of childhood immunizations. Records of two MMR (measles, mumps, rubella) immunizations you had as a child.

☐ Documentation of two chicken pox (Varicella) immunizations or immunity. Either documentation of two immunizations or documentation of a titer for chicken pox (Varicella).

☐ Documentation of seasonal flu vaccine for the current flu season.

Please note: Send all forms/results (listed above) via mail, fax or e-mail (scanner required) to alesnick@mcw.edu.

☐ Schedule a date and time to attend a mandatory ROR-M orientation at your preferred clinic site. You may not go to the site, before this scheduled time.

If you have questions or concerns, please contact:
