Notice is hereby given that a meeting of the **Wisconsin Overdose Fatality Review State Advisory Group** will be held on Thursday, February 12, 2026, at 1:00 p.m., via Zoom to conduct the following business:

- I. Open Session
 - a. Welcome and Opening Comments
 - b. Updates on overdose and substance use disorder prevention efforts among Advisory Group agencies
 - c. Updates on state-level OFR recommendations previously brought to the Advisory Group
 - d. Public comment
- II. Move into Closed Session
- III. Closed Session
 - a. State level OFR recommendation presentations
 - b. State level OFR recommendation screening
- IV. Adjourn

The purpose of this meeting is to conduct the governmental business outlined in the above agenda. The mission of the OFR State Advisory Group is to reduce overdose fatalities in Wisconsin through support of the overdose fatality review process and recommendations of the local multi-disciplinary teams.

The OFR State Advisory Group is a multi-disciplinary group which seeks to:

- Promote OFR as a tool for local communities to address the overdose epidemic
- Receive, evaluate, and implement state-level recommendations from local OFR teams
- Address data sharing barriers in understanding the circumstances leading to fatal overdoses

If you plan to attend this meeting and require accommodations, please contact Mary Raina Haralampopoulos at 608-267-3783 or raina.haralampopoulos@dhs.wisconsin.gov. Accommodations may include requesting an interpreter or translator, materials in languages other than English, materials in alternative formats, etc. You must make your request at least seven days before the activity.

Overdose fatalities are preventable
