

# THANK YOU for Supporting Scholarships at the Medical College of Wisconsin!

Fall 2024

**Your scholarship support paves the way for the next generation of doctors, researchers, pharmacists, and health professionals to uncover new knowledge that changes lives, advance quality care across Wisconsin, and pioneer pathways to a healthier world for us all.**

**Thank you for supporting the MCW mission.**

*"I wanted to express my most sincere thanks for the generous scholarship you have gifted me. As a first-generation college student and now medical student, my journey to becoming a physician has been one of self-navigation and hard work, but also gratitude. As I enter my final year of medical school, I look forward to paying your gift forward in the form of service to my community as a neurologist."*

**Lauren Beranek, MCW-Central Wisconsin, Class of 2025**

*"Your investment in my education is not just a financial contribution; it is a vote of confidence in my abilities and a source of motivation to excel in my academic pursuits. I am committed to using the knowledge and skills I gained during my final year of medical school to make a positive difference in my community and beyond. Your support has inspired me to work harder, dream bigger, and never lose sight of my goals."*

**Sara Abuzahra, MCW School of Medicine, Class of 2025**

*"Getting my Doctorate in Pharmacy is something I am extremely passionate about, and I plan to use this funding to continue to pursue my education. I have been in pharmacy or healthcare for over 10 years already, and I have also been through many personal challenges and tribulations. Thank you for contributing to my education, as you have helped bring me one step closer to my future goal."*

**Chance Eiting, MCW School of Pharmacy, Class of 2026**

*"I would like to formally thank you and update you on how your generous donation helped me align my personal and professional life following my undergraduate graduation. I am beyond grateful for your gracious gift and the learning experiences I've been able to take advantage of because of the additional financial security. I hope you continue to believe and invest in our MCW students and community because your help can grant us many experiences and career-developing opportunities."*

**Genesis H. Coreas Solorzano, MCW School of Graduate Studies, Class of 2024**

Thanks to partners like you, MCW is leading the future of health sciences education.
