

## City-Wide Obesity & Metabolic Disease Grand Rounds- Historical Sessions

Date	Title	Speaker (Institution)	Format
2018-09-19	Obesity, Energetics and Longevity: Social, Experimental, Evolutionary and Epidemiological Perspectives	David B. Allison, PhD, Indiana University School of Public Health, Bloomington, IN	in-person
2018-11-28	Kicking obesity to the curb: an update on adolescent bariatric obesity	Thomas H. Inge, MD, PhD, University of Colorado School of Medicine	in-person
2019-04-17	Why is it so hard to lose weight and keep it off?	Robert F. Kushner, MD, MS, Northwestern University, Chicago, IL	in-person
2019-06-19	Is the exercise impairment in diabetes a microvascular complication?	Jane E. B. Reusch, MD, University of Colorado-AMC	in-person
2019-09-25	Integrating mechanistic mouse studies with human studies to identify macrophage inflammatory pathways in obesity	Lev Becker, PhD, University of Chicago, Chicago, IL	in-person
2019-11-20	A patient with obesity walks into your clinic...Designing effective obesity treatments for key populations	Jamy D. Ard, MD, Wake Forest School of Medicine, Winston-Salem, NC	in-person
2020-09-23	Nonalcoholic Steatohepatitis (NASH): The Overlooked: Complications of T2DM	Kenneth Cusi, M.D, The University of Florida	virtual
2020-11-18	Cardiometabolic adaptation during obesity: Role of the local renin-angiotensin system within the arcuate nucleus of the hypothalamus	Justin Grobe, PhD, Medical College of Wisconsin	In-person
2021-04-21	Sleep & Diet: The Case for Bi-directionality	Marie-Pierre St-Onge, PhD, Columbia University Irving Medical Center, New York, NY	virtual
2021-06-23	Weight-loss independent glycemic effects of bariatric surgery	Marzieh Salehi, MD, MS, San Antonio, TX	virtual
2021-09-22	A new era in obesity treatment	Lee M. Kaplan, MD, PhD, MGH, Harvard University	Virtual
2021-11-17	The effect of the vertical sleeve gastrectomy on NASH	Syed Ikramuddin, MD, University of Minnesota	virtual
2022-04-27	Forget about Calories – Let's Focus on Time - Time-Restricted Eating as a Weight Loss Strategy	Lisa S Chow, MD, MS, University of Minnesota	virtual
2022-06-22	Hypertriglyceridemia: The Most Difficult Lipid Problem to Assess and Manage	Robert H. Eckel, MD, University of Colorado Anschutz Medical Campus, Denver, CO	virtual
2022-09-28	Dietary Management of Obesity	Marcelo Correia, MD, PhD, University of Iowa Health Care, Iowa City, Iowa	virtual
2022-11-16	Bariatric surgery: an integrative physiological approach to obesity treatment	Darleen Sandoval, PhD, University of Colorado, Anschutz Medical Campus	in-person
2023-06-28	New Generation of Anti-Obesity Medications: Do we need to modify our approach to obesity care?	Sriram Machineni, MD, Montefiore Einstein Medicine	virtual
2023-09-27	Exploration of Mechanisms Contributing to Poor Disease Outcomes in Diabetic Peripheral Artery Disease	Ayotunde Dokun, MD, PhD, University of Iowa, Carver College of Medicine, Iowa City, Iowa	in-person
2023-11-15	Hypothalamic Inflammation and Gliosis in Obesity and Type 2 Diabetes	Ellen A. Schur, MD, MS, University of Washington (UW), Seattle, Washington	in-person

2024-04-18	Understanding how insulin coordinates metabolism in the spatial context of the liver lobule	Sudha Biddinger, MD, Boston Children's, Harvard Medical School	In-person
2024-06-26	The Gut-Liver Communication during Obesity and Rapid Weight Loss	Nadejda Bozadjieva-Kramer, PhD, Michigan Medicine, Ann Arbor, Michigan	in-person
2025-04-10	Exercise, Muscle Biology, and Exercise Costs	Charles Burant, MD, PhD, University of Michigan, Ann Arbor	In-person
2025-09-27	A Diabetes Therapeutic Roadmap: From Target Discovery to Clinical Translation	Raghavendra Mirmira, MD, PhD, UChicago- Medicine	in-person
2025-10-22	Mechanisms of adipose tissue loss in familial partial lipodystrophy 2	Ormond MacDougald, PhD, University of Michigan, Ann Arbor	In-person
2025-11-13	Craving Control: The Role of Taste Reward in Obesity and Weight Management	Kimberly Smith, MS, PhD, The Johns Hopkins School of Medicine, Baltimore, Maryland	in-person

#### Upcoming

4/9/226 Lipid metabolism - title TBD  
9/10/2026 Diabetes Distress - title TBD  
11/12/2026 Nutrition & GLP-1 therapy - title TBD

Clay Semenkovich, MD, PhD, Washington University  
Leslie DeGroot, PhD, Indiana University  
Jamie Almandoz, MD, UT Southwestern
