

MEDICAL COLLEGE OF WISCONSIN OFFICE OF GLOBAL HEALTH

GLOBAL HEALTH WEEK 2014 *Neighborhoods to Nations*

Objectives:

- Increase the visibility of faculty's global health activities in education, research, patient care, and community engagement.
- Raise awareness of local and international partnerships that are addressing global health issues.

The Medical College of Wisconsin Office of Continuing & Professional Education is generously providing continuing medical education (CME) credits at Global Health Week lectures.

Visit: www.mcw.edu/globalhealth for all the week's events.

December 1-5, 2014

The UWM **Institute of World Affairs** presents
Special Benefit Concert

Sierra Leone's Refugee All Stars

Formed in West African refugee camps in the midst of a bloody civil war, this amazing band has gone on to perform on some of the world's most prestigious stages. On tour in the US when the Ebola crisis hit, the All Stars have opted to stay on the road to demonstrate how the redeeming power of music can carry us through hardship with our sense of joy and optimism intact.

Don't miss this opportunity to hear first-hand about the impacts of the Ebola crisis on communities in West Africa and celebrate the resilience of the human spirit with one of Africa's top touring and recording bands.

The evening will begin at 7 pm with an informal and interactive conversation with band and local community members about the current situation in West Africa.

Thursday, December 4, 2014
7pm

**UWM Helene Zelazo Center for the
Performing Arts**

2419 E. Kenwood Blvd

Tickets: \$10 available at the door (cash only)
