MISSION STATEMENT

The mission of the Milwaukee Adolescent Health Program (MAHP) is to improve the health and well-being of adolescents and the children of adolescent parents in the greater Milwaukee area.

To accomplish this mission, MAHP:

- 1) Provides comprehensive, interdisciplinary, and prevention-oriented primary health care to adolescents and teen parents
- 2) Advocates with local, regional, and State agencies to decrease barriers to improved adolescent health care
- 3) Trains health care providers to be sensitive to the special needs of adolescent clients
- 4) Undertakes research to enhance understanding of the unique health needs of adolescent clients
- 5) Develops programs designed to respond to the needs of high-risk adolescent populations

MAHP PRIMARY CARE CLINICS

Midtown Clinic

Adolescent Clinic

Providers specialize in the care of adolescent males and females ages 12 to 18. Services provided include: routine well care, immunizations, ill care, sports physicals, education, chronic disease management, and support services. Reproductive health services include: sexually transmitted infection testing, pregnancy testing, birth control, and treatment are provided in a confidential and supportive environment.

Teen-Tot Clinic

This specialty clinic is designed for the unique needs of adolescent parents and their children. Teen parents and their babies are seen at the same appointment by the same health care provider. All pediatric care and adolescent specialty services, including reproductive health care for the parent are available during this clinic visit.

To obtain more information or to schedule an appointment, please call 414-277-8900

MAHP CLINIC SUPPORT PROGRAM

Midtown Clinic

Commercial Sexual Exploitation of Children (CSEC) and the Domestic Sex Trade (DST) – Specially trained providers offer risk assessment and follow-up care for children involved in or at risk for CSEC & DST.
