** Biopsies less than 5 mg will be homogenized in a volume sufficient to complete testing.

** IMPORTANT! Specimen collection, submission, and documentation must be complete before testing can be performed. **

---

### Shipping and Handling

1. Specimens are to be shipped frozen on dry ice.
2. **Highly Recommend Federal Express: FIRST PRIORITY OVERNIGHT.**
3. **Highly Recommend UPS: NEXT DAY AIR EARLY A.M.**
4. Place specimen in a leakproof primary receptacle.
5. Place primary receptacle in leakproof secondary vessel.
6. Place absorbent material between the primary and secondary packaging.
7. Primary receptacle or the secondary packaging must meet the required pressure differential of 95 kPa without leaking.
8. An itemized list of contents must be enclosed between the secondary packaging and the outer packaging.
9. Package and Air Waybill must show the text: “Diagnostic Specimen” and labeled with the UN3373 designation.
10. Recommend the suppliers JIT Certified Inc. or Safe-T-Pak for shipping containers.

** IMPORTANT! All delivery carriers (local and non local), deliver to the Medical College of Wisconsin LOADING DOCK.**

** IMPORTANT! Medical College of Wisconsin LOADING DOCK hours are 8AM to 3PM (Monday thru Friday); closed on weekends.**

---
