*Please note: We are actively working on creating an Ethics elective to start in the 2023-2024 academic year.*

### Hospital Medicine Experience Elective Time

Additional hospital medicine time can be taken as part of the individualized curriculum. One or more additional 2-week blocks of the following can be incorporated into the schedule with Program Director approval:

- **Pediatric Hospital Medicine** (CW Main Campus) – Elective time can be on resident teams or the APP (Silver) team
- **Community Hospital Medicine** (CW Fox Valley)

Additional 1-week blocks of **Pediatric Hospital Medicine Nights** at CW Main Campus can be incorporated into the schedule with Program Director approval.

### Additional Core Rotation Elective Time

To meet the needs of individual fellows, additional elective time may be possible (with Program Director and Rotation Director approval) in the following: **Child Advocacy, Newborn Nursery, Special Needs/Complex Care, Palliative Care, Sedation.**

### Research Time

Additional research time may be incorporated into the individualized curriculum with approval from the Program Director. Specific goals for this time must be set that cannot be completed within existing research time.

### Individualized Electives

If fellows desire an elective experience that is not currently offered, a one-time elective may be possible. Please contact the Program Director for further details. It is important to note that one-time electives require MCWAH approval and planning several months in advance will be required.
