Radiation Biology Service Center

**Location:** TBRC suite E and MEB M143

**Primary Contact:**
- Brian Fish, Manager
  (414) 955-4673
  bfish@mcw.edu

**Other Contact:**
- Meetha Medhora, Director
  (414) 955-5612
  mmedhora@mcw.edu

**Overview**

The Service Center Irradiation Core is suitable for large animals, can irradiate small volumes of both large and small animals, and can irradiate tumors and cells at various dose rates. The Irradiation Core is available on a fee-for-service basis.

The service center also breeds, houses and sells the only WAG/Rij rats strain in the United States.
