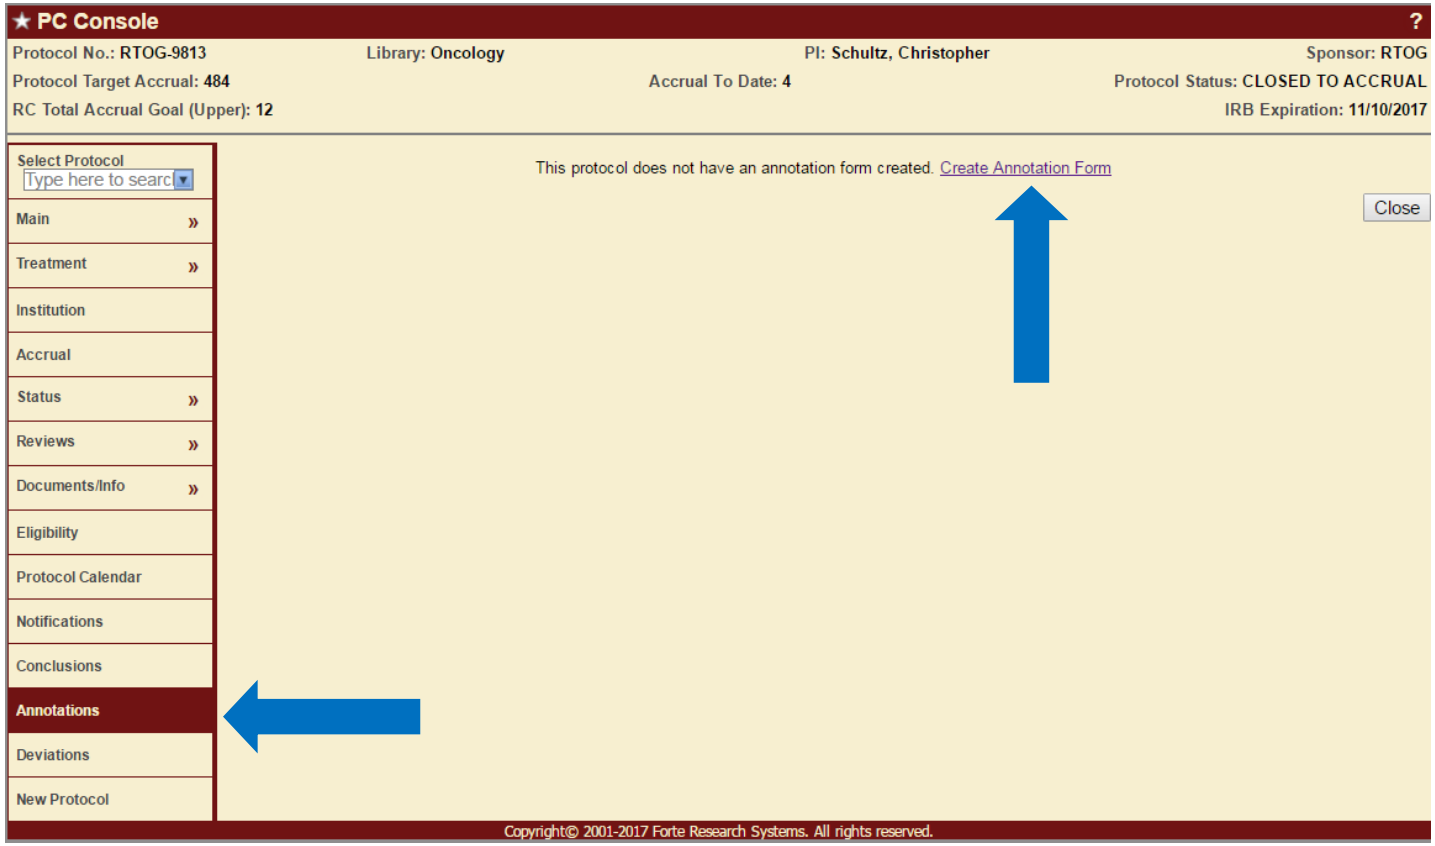
OnCore Communication Memo

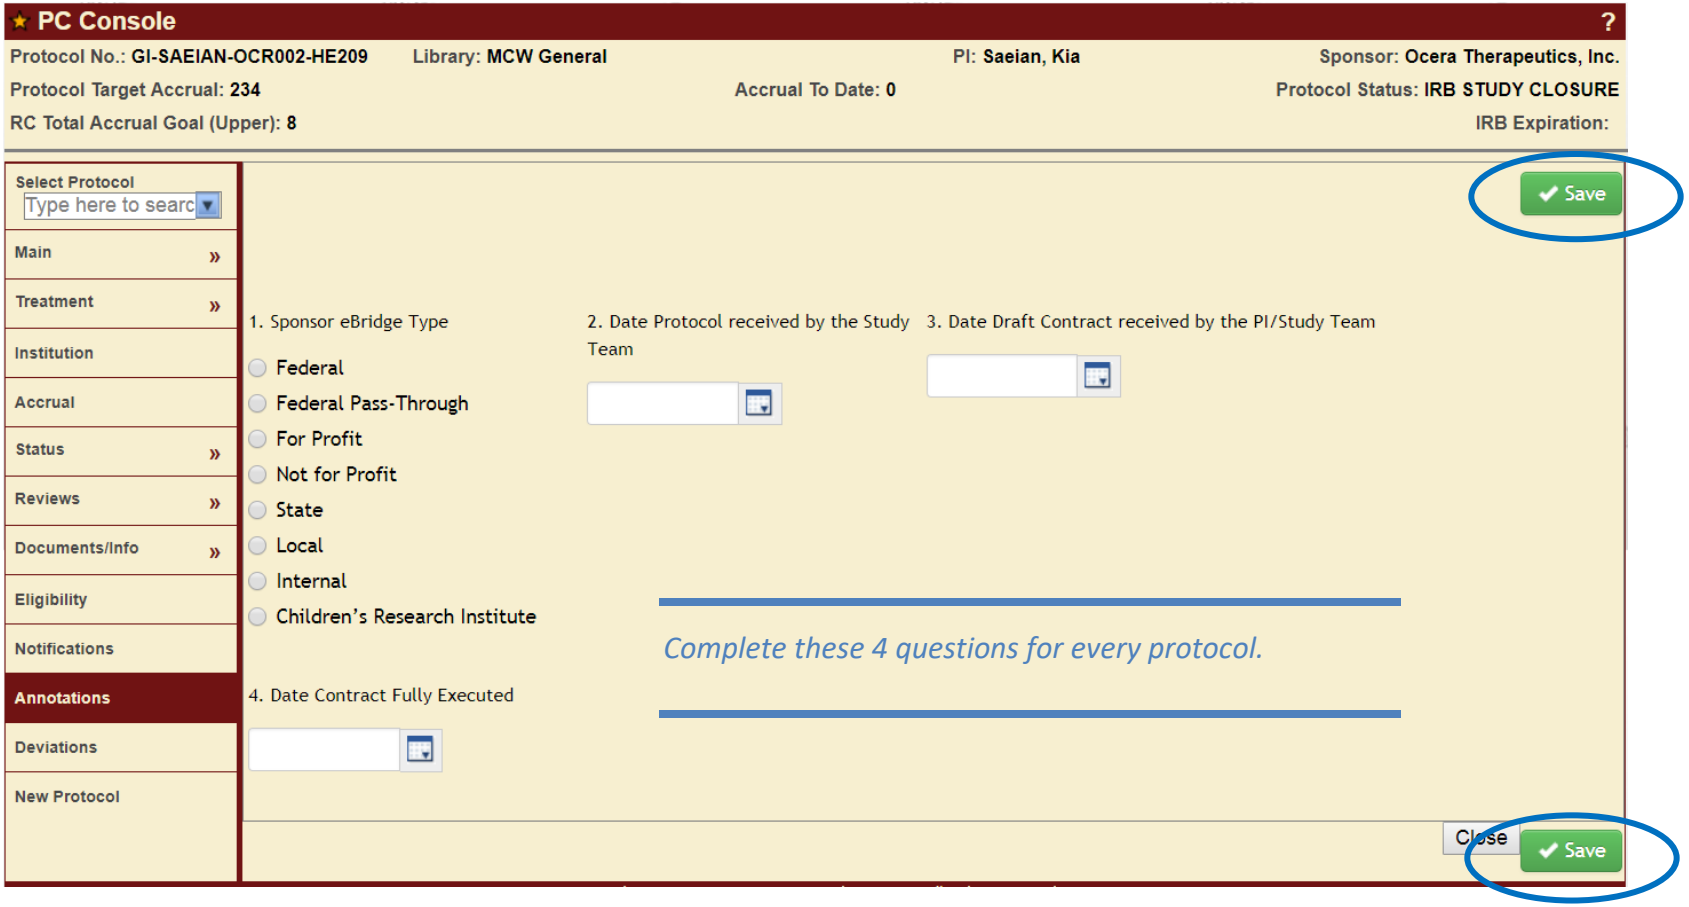
Memo #: 33 – Protocol Annotation Form

To: All Research Managers, Clinical Research Coordinators/Assistants, Regulatory Coordinators, Training/Education, Budget, OnCore Coordinator
From: MCW CTO OnCore Program Manager
Effective Date: December 1, 2017

Purpose: To collect additional data to be reported to the National Center for Advancing Translational Sciences (NCATs). These fields do not currently exist in OnCore. NCATs requires this data be reported as part of their defined common metrics. NCATs funds the CTSI at MCW.

Notes: The Annotation Form is available by Library but has to first be “created”. The following are the steps to create the form:





PC Console
Protocol No.: GI-SAEIAN-OCR002-HE209
Library: MCW General
PI: Saeian, Kia
Sponsor: Ocera Therapeutics, Inc.
Protocol Target Accrual: 234
Accrual To Date: 0
Protocol Status: IRB STUDY CLOSURE
RC Total Accrual Goal (Upper): 8
IRB Expiration:
