

OnCore Communication Memo

Memo #: 34 – Stop Entering Program Areas

To: All Research Managers, SRC Coordinator, CT-OAD, OnCore Coordinators

From: System Administrator

Effective Date: December 12, 2017

Purpose: Program Area(s) determination will now be based on the protocol objectives, and no longer based on the physician's Cancer Center assignment. As such, the designation will be determined and entered by Cancer Center Administration and should no longer be entered by the Managers or anyone else who enters in PC Console information.

Example: Please leave Administrative Groups>Program Areas^{DT4} blank.
