External Grant Review Program

November 8, 2017
Department of Surgery Research Conference
Overview

• Began in 2016
• Goal – increase the quality of grant submissions and chance of success
• Full NIH-style review of R01 level grants for NIH opportunities or other major funders
• No cost to PI or department
Responsibilities of the PI

- Commit to provide a complete draft of the application according to set timelines including:
  - Introduction and summary statement from the previous review (if applicable)
  - Specific aims
  - Research plan
  - Biosketches for key personnel
  - Budget and budget justification
  - Environment sections
Responsibilities of the Reviewer

• Commit to completing review a minimum of 3 weeks before PI’s submission is due
  – so feedback may be incorporated into application

• Review all documents and also assess whether the proposal would be in the top 10% of those generally passing through study section
  – and if not, what could be done to move it to the top tier
Process

• E-mail Dr. Elizabeth Jacobs or Lynne Prost of intent to use service – you will receive a form to complete
  • PI provides list of possible reviewers – will be assessed and solicited by Dr. Jacobs, 1 selected
  • Office of Research communicates with the reviewer
  • Reviewer paid ($750 payment upon timely completion)
  • PI incorporates feedback into application
