DECELERATION for M1 STUDENTS

An admitted applicant or current medical student may request a decelerated curriculum which enables the student to pursue M1 pre-clinical studies across two years rather than one year. More information about the decelerated curriculum can be found in the Medical Student Handbook. The request to decelerate must be submitted between the time of admission and November 15 of the M1 year. Once a request is approved, a student may not revert to the traditional curriculum. All students pursuing this option are encouraged to discuss this with their deans, the Office of Financial Aid and the Office of Student Accounts.

Section 1

Name: _____
Last name First name Middle name

Home campus (circle one): CW GB MKE

If request is approved, intended graduation term/year: Fall Spring _____
Year

Reason for request:

Student Signature: _____ Date: _____

Section 2 (Regional Campus Students Only)

I approve/deny the student's request.

Required Campus Dean Signature: _____ Date: _____

ALL COMPLETED FORMS MUST BE SUBMITTED BY CAMPUS DEAN TO:
