

Physicians from Froedtert & the Medical College of Wisconsin Discuss their Perception of Burnout and the Impact it had During COVID-19

KEY THEMES

Focus group participants included 20 Hospitalist Physicians

"This has really wiped me out...I have nothing left"

"It was stressful to think about getting the infection and taking it back home to my family"

"Burnout is all about how much control you have and your input in the sudden decision-making process"

COVID-19 Specific Themes
