

Creation of an APP Fellowship Professional Curriculum

Sarah Vanderlinden, MPAS, PA-C, DFAAPA

Aim and Goals

Build APP leadership and professional skills

Promote professional identity, growth mindset, well-being, resiliency

Create professional community and mentorship

Analyze outcomes of APP-focused professional curriculum

Approach

Target Audience

- APP fellows
- Fellowship educators
- APP leaders
- Stakeholder engagement

Process

- Needs assessment
- Stakeholder interviews
- Resource assessment
- Pilot & outcomes
- Future

Entrepreneurial Minded Learning in Medical Education Research

- **Curiosity** beyond program specialty
- Professional **community** engagement
- Foundation for future **value**

Results and Conclusions

Six Track Curriculum

- NP/PA Practice and Role
- Leadership & Communication
- Problem Solving
- Transition to Career
- Diversity & Inclusion
- Wellness, Resiliency, Empathy

Lessons Learned

- Education was highly valued and not otherwise accessible
- Curriculum builds professional skills and confidence
- Transition to in-person learning to promote professional community

Future

- Expand learner audience
- Assess long-term outcomes
- System connection and sustainability
