ClinicalKey®
in **3** easy steps

1. **REGISTER:** Create your account and log in.
If you already registered for an account with one of the Library's other Elsevier subscriptions such as ScienceDirect or Scopus, use those login credentials.
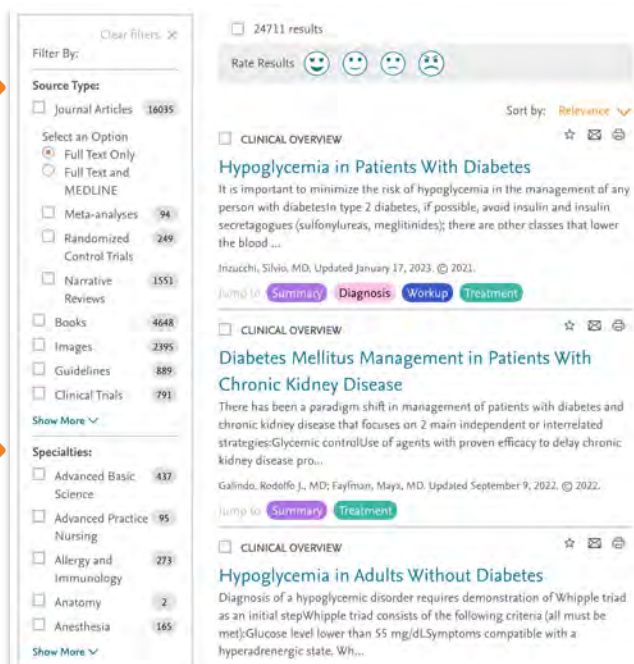

2. **SEARCH:** Begin typing your search terms.
Auto Suggest will provide a list of relevant search terms, suggestions, books, and journals.

Search for conditions, treatments, drugs, books, journals, and more

| All Types | diabetes mellitus | ✕ | Search |

diabetes mellitus complications
diabetes mellitus diagnostics
diabetes mellitus differential diagnosis
diabetes mellitus drugs
diabetes mellitus risk factors

3. **NAVIGATE:** Use the left pane to filter your results.
Refine your search results by Source Type, Specialty, Study Type and Date. The relevance and date "Sort By" options let you sort results according to your preference.
