Diversity Summer Health-Related Research Education Program (DSHREP)

Each summer, the Office of Student Inclusion & Diversity at MCW-Milwaukee offers its signature programs to promote diversity in the medical field and provide an exceptional gateway to clinical careers. MCW’s summer enrichment programs are designed for students from backgrounds that are historically underrepresented in medicine and biomedical research.

What’s In It For Me?

During this ten-week program, you will have the opportunity to:

- Be an active member of a research team
- Explore career opportunities in research and health professions
- Benefit from a stimulating environment of education and mentoring
- Attend weekly lecture seminars on cutting-edge topics
- Understand educational pathways
- Participate in professional development enrichment sessions

Application Deadline:
February 1, 2023 by 5pm CST

“From the moment I began DSHREP as a first-year student, I’ve been surprised by how much I’ve learned and enjoyed the program. The experiences we’ve had, from lab work to seminars and workshops, have all been incredibly valuable.”

- Jakara Griffin
  M.D. Candidate
  Class of 2022

DSHREP is supported through an R25 research education grant funded by National Heart, Lung, Blood Institute (NHLBI), an agency of National Institutes of Health (NIH). Summer programs offered at no cost to students.
