Balancing Harms & Individual and Community Interests	**Fall 2008**	**Planned**
Practice of Public Health	**Fall 2008**	**Planned**
Racial and Ethnic Inequalities in Health	**Fall 2008**	**Planned**
Behavioral Science and Public Health	**Spring 2009**	**Planned**
Field Placement (3 credits)	**Spring 2009**	**Planned**
Capstone	**Spring 2009**	**Planned**

Describe justification for enrolling in the Field Placement prior to completion of MPH core coursework.

Because of the speed with which I moved through the program, I was unable to complete all of my core coursework before my final semester; therefore, I request permission to enroll in the Field Placement course concurrently with my final core course, Behavioral Science and Public Health. I did not take the Behavioral Science course last Spring because I thought it was important to complete the Community Health Planning (CHP) course. I wanted to have a good basis for the Program Evaluation course, and CHP was important preparation for my Field Placement since I intend to plan a community health intervention.
