

ARE YOU INTERESTED IN BECOMING A

Doctor?

Program Info:

Advocates in Medicine Pathway (AMP) is a 7 months long medical school pathway that supports the professional development of individuals from rural and economically or environmentally disadvantaged backgrounds who are interested in attending medical school.

For more info visit <https://bit.ly/AMPMCW>

Qualifications:

- Must be a sophomore or higher standing college student or already have obtained a Bachelor's degree
- Have a strong interest in attending medical school
- Must plan to apply to medical school in the next 1-2 years
- Must have faced significant challenges or limitations on their journey to a career in medicine
- Preference will be given to rural students from or with ties to North Central WI

Benefits:

- One-week clinical shadowing
- Paid summer community health internship
- Support, guidance & experience in building a competitive med application
- Mentoring & networking opportunities
- Opportunity for a letter of recommendation for medical school at the MCW - Central WI upon successful completion of the program

Apply by Nov 1st at <https://bit.ly/2024AMP>
