

Post-Graduate Year 1 Resident in Community-Based Pharmacy Residency - Good Value Pharmacy

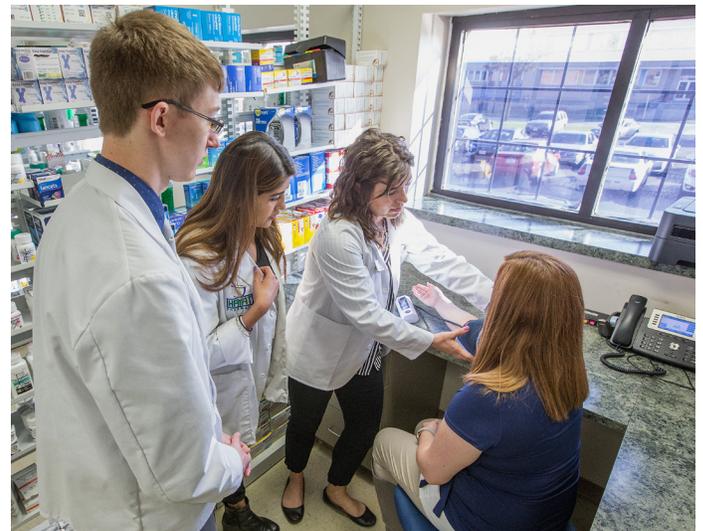

Continue your Post-Graduate education at the Medical College of Wisconsin (MCW) School of Pharmacy, based at a robust academic medical campus with a demonstrated commitment to improve health and reduce disparities.

PGY1 community-based pharmacy residency programs build on the Doctor of Pharmacy (PharmD) education and outcomes to develop community-based pharmacist practitioners with diverse patient care, leadership, and educational skills who are eligible to pursue advanced training opportunities including postgraduate year two (PGY2) residencies and professional certifications.

The MCW School of Pharmacy is seeking qualified candidates for a Post-Graduate Year 1 Resident in Community-Based Pharmacy Residency. The 1-year full-time residency, beginning on July 1, 2022, is based at the MCW School of Pharmacy with a clinical practice site at Good Value Pharmacy.

Participate in intensive patient care and faculty development experiences that will prepare you as a community-based primary care pharmacist and academic leader, to ensure access to high quality, innovative primary care services, reduce health disparities and promote community wellness. We'll prepare you for a successful community based pharmacy and academic career, with:

- Progressive practice sites to develop the pharmacist of the future
- Participation in comprehensive patient care, including medication therapy management (MTM), physical assessment, and immunizations and other injectable medication experience
- Certifications including: Teaching Certificate, WPQC (MTM) Training, NACDS Point of Care Testing, Physical Assessment Training, Mental Health First Aid Training, and more
- Academic experience through didactic, practical and experiential education

You will address social and economic determinants of health, and work to optimize delivery of care to patients in the community. Collaborate directly with interprofessional health care providers and scientists with expertise in population health management, patient-centered care and chronic disease state management.

➤ QUALIFICATIONS

- Doctor of Pharmacy Degree
- Eligibility for licensure to practice pharmacy in the state of Wisconsin
- Commitment to a career in community-based pharmacy practice
- Residents must be U.S. citizens or permanent residents

Great Value! Better Service!

As a locally owned and family-operated pharmacy with 5 locations in Kenosha and Racine, we are proud to offer excellent service with a personal touch. Our staff and pharmacists know that nothing is more important than our patients and their family's well-being. That's why at Good Value we take the time to get to know our customers and are always ready to answer any health questions.

Through a variety of programs unique to Good Value, we offer the kind of individual, detailed service patients need from a pharmacy. Our long-term care program, retail products, packaged prescriptions and free delivery service are just a few of the ways we show our dedication to our patients' health.

WHAT MAKES MCW UNIQUE

New knowledge changes everything, from a single life to an entire community.

At the core of everything we do at the Medical College of Wisconsin (MCW) is the pursuit of new knowledge and the power of academic medicine. Bringing together the world's top scientists and clinicians, inspired students and invested communities, we are driven to solve the most complex challenges in health and society. MCW is home to a diverse group of thought leaders collaborating to build a healthier world and a continuous cycle of life-changing knowledge.
