Internet

To experience minimal technical difficulties with class participation and exams, you should have a personal internet connection with a bare minimum download speed of 25 Mbps and upload speed of 2.5 Mbps. You can check your speed by performing an internet speed test at <https://mediatest.ciscospark.com> from your computer. Be aware that actual speed may differ from your internet provider's advertised speed.

Mobile Device

A mobile device is required. We recommend either an iPhone or iPad running iOS 15.0 or higher or any Android that is running 13.0 or higher. The device must support encryption.

Questions?

Contact the MCW-IS Service Desk at help@mcw.edu or (414) 955-4357, option 8, Monday through Friday from 8am to 5pm CST, excluding MCW Holidays.
