

Post-Graduate Year 1 Resident in Community-Based Pharmacy Residency - Welltopia

Continue your Post-Graduate education at the Medical College of Wisconsin (MCW) School of Pharmacy, based at a robust academic medical campus with a demonstrated commitment to improve health and reduce disparities.

PGY1 community-based pharmacy residency programs build on the Doctor of Pharmacy (PharmD) education and outcomes to develop community-based pharmacist practitioners with diverse patient care, leadership, and educational skills who are eligible to pursue advanced training opportunities including postgraduate year two (PGY2) residencies and professional certifications.

The MCW School of Pharmacy is seeking qualified candidates for a Post-Graduate Year 1 Resident in Community-Based Pharmacy Residency. The 1-year full-time residency, beginning on July 1, 2022, is based at the MCW School of Pharmacy with a clinical practice site at Welltopia Pharmacy.

Participate in intensive patient care and faculty development experiences that will prepare you as a community-based primary care pharmacist and academic leader, to ensure access to high quality, innovative primary care services, reduce health disparities and promote community wellness. We'll prepare you for a successful community based pharmacy and academic career, with:

- Progressive practice sites to develop the pharmacist of the future
- Participation in comprehensive patient care, including medication therapy management (MTM), physical assessment, and immunizations and other injectable medication experience
- Certifications including: Teaching Certificate, WPQC (MTM) Training, NACDS Point of Care Testing, Physical Assessment Training, Mental Health First Aid Training, and more

- Academic experience through didactic, practical and experiential education

You will address social and economic determinants of health, and work to optimize delivery of care to patients in the community. Collaborate directly with interprofessional health care providers and scientists with expertise in population health management, patient-centered care and chronic disease state management.

➤ QUALIFICATIONS

- Doctor of Pharmacy Degree
- Eligibility for licensure to practice pharmacy in the state of Wisconsin
- Commitment to a career in community-based pharmacy practice

- Residents must be U.S. citizens or permanent residents

Ozaukee County's New Premier Destination for Integrative Wellness

Our practice combines the convenience of a typical pharmacy with the hands-on care of a wellness center. This approach allows us to bring patients the individualized attention they need to upgrade their healthcare outcomes and heading strongly towards wellness and longevity.

ABOUT US

Welltopia Pharmacy is committed to cultivating a healthy, inviting environment where patients can receive comprehensive pharmaceutical care from dedicated professionals. Our practice combines the convenience of a typical pharmacy with the hands-on care of a wellness center. This approach allows us to bring patients the individualized attention they need to upgrade their healthcare outcomes and head strongly towards wellness and longevity.

Our staff works closely with different healthcare practitioners to help develop a complex understanding of each of our patient's needs. Using this information, we can utilize a wide range of wellness services to improve patient health.

WHAT MAKES MCW UNIQUE

New knowledge changes everything, from a single life to an entire community.

At the core of everything we do at the Medical College of Wisconsin (MCW) is the pursuit of new knowledge and the power of academic medicine. Bringing together the world's top scientists and clinicians, inspired students and invested communities, we are driven to solve the most complex challenges in health and society. MCW is home to a diverse group of thought leaders collaborating to build a healthier world and a continuous cycle of life-changing knowledge.
