

# Center for Immunology Annual Scientific Retreat

**JOIN US!**

**Thursday, March 12th  
8:00AM - 5:00PM**

The Immunology Scientific Retreat format includes talks by principal investigators followed by a poster session in the Alumni Center. The poster session will run concurrently with a reception, affording an informal atmosphere to interact. Abstract deadline is January 30<sup>th</sup>.

**Guest Speaker: Michael Farrar, PhD**

*Research Summary:*

*Dr. Farrar holds the Virginia and David Utz Land Grant Chair in Fundamental Immunology, is a member of the Division of Molecular Pathology and Genomics, and is a member of the Center for Immunology. His research is focused in three broad areas: B-cell development in the bone marrow and B-cell acute lymphoblastic leukemia (ALL), the developmental pathway of T regulatory cells, and cancer immunotherapy*

**Location: Medical College of Wisconsin | Address: 8701 Watertown Plank Rd. Milwaukee, WI 53226**
