

Procedure	Minimum Requirement
Total cases	650
Total clinical hours	2000
Total patient care hours	2000
ASA Class III & IV	150
Emergent	30
Trauma Cases	5
Ambulatory / OP cases	100
Geriatric cases	100
Pediatric cases	50
Intra-abdominal	50
Intracranial	5
ENT	20
Cardiac (CABG/Valves)	10
Intra-thoracic (lung - Thoracotomy and Thoracoscopy)	10
Obstetric cases	30
Vascular cases	15
General Anesthesia	400
Mask Induction	35
Laryngeal mask airways	35
Endotracheal intubations (oral)	200
Endotracheal intubations (nasal)	5
Total Intravenous Anesthesia	10
Emergence from Anesthesia	250
Regional Management/Administration	40
Monitored Anesthesia Care	30
Alternative airway management	10
Intra-arterial BP monitoring	30
Arterial catheter insertion	25
Central venous catheter/PAC placement	5
Central venous catheter/PAC monitoring	15
Intravenous Catheter insertion	100
Gastric tube placement	5
One lung isolation	5
Emergent/Trauma (Total)	35
Oral Tracheal Intubation- Pediatric	10
Spinal Administration	10
Epidural Administration	10
