

# Post-Graduate Year 1 Resident in Community-Based Pharmacy Residency - Evergreen Pharmacy

Continue your Post-Graduate education at the Medical College of Wisconsin (MCW) School of Pharmacy, based at a robust academic medical campus with a demonstrated commitment to improve health and reduce disparities.

The MCW School of Pharmacy is seeking qualified candidates for a Post-Graduate Year 1 Resident in Community-Based Pharmacy Residency. The 1-year full-time residency, beginning in July, is based at the MCW School of Pharmacy with a clinical practice site at Evergreen Pharmacy.

Participate in intensive patient care and faculty development experiences that will prepare you as a community-based primary care pharmacist and academic leader, to ensure access to high quality, innovative primary care services, reduce health disparities and promote community wellness. We'll prepare you for a successful community based pharmacy and academic career, with:

- Progressive practice sites to develop the pharmacist of the future
- Participation in comprehensive patient care, including medication therapy management (MTM), physical assessment, and immunizations and other injectable medication experience
- Academic experience through didactic, practical and experiential education
- Certifications including: Teaching Certificate, WPQC (MTM) Training, NACDS Point of Care Testing, Physical Assessment Training, Mental Health First Aid Training, and more

You will address social and economic determinants of health, and work to optimize delivery of care to patients in the community. Collaborate directly with interprofessional health care providers and scientists with expertise in population health management, patient-centered care and chronic disease state management.

Residents hold a faculty appointment at the rank of Instructor, and receive:

- A competitive stipend and benefits, including health coverage, paid holidays, vacation and personal days
- Travel funds
- Support of a network of productive faculty and peers
- Individualized clinical and teaching experiences, research training, and mentorship to meet your unique needs and interests

## ➤ QUALIFICATIONS

- Doctor of Pharmacy Degree
- Eligibility for licensure to practice pharmacy in the state of Wisconsin
- Commitment to a career in community-based pharmacy practice
- Residents must be U.S. citizens or permanent residents

Please contact Sara Revolinski, PharmD, Residency Program Director with questions: [srevolin@mcw.edu](mailto:srevolin@mcw.edu)

## Committed to Community Service

We are honored to be a part of each patient's life and we take steps to support our community. Each month we sponsor a charitable cause suggested by one of our team members. Together we can make a difference in our community.

### MISSION

Improve the lives of our patients by continuously redefining conventional practices.

### VISION

Promote ambulatory care pharmacists in the community through training and delivery of diverse care services. Empower pharmacy technicians to expand their roles within our organization and to advance professionally.

### SERVICES

- Enhanced Patient Care
- Medication Synchronization (Med Sync) of Maintenance Medications
- Specialty Disease State Management
- Expertise in Biologic and Non-Biologic Therapies
- Administration of Injectable Medications
- Specialty Medications for Long Term Care Facilities

### SPECIALTIES

- Asthma & Allergy
- Behavioral Health
- Dermatology
- Gastroenterology
- Infectious Disease
- Long Term Care
- Neurology
- Pulmonology
- Rheumatology
- Substance Abuse Disorder

## Opportunities for Resident

Teaching	Inter/IntraProfessional Collaboration	Management Opportunities	Direct Patient Care
<ul style="list-style-type: none"> <li>• Teach in lab sessions weekly at MCW</li> <li>• Deliver lectures</li> <li>• Complete academic projects</li> <li>• Precept at practice sites</li> <li>• Obtain Teaching Certificate</li> </ul>	<ul style="list-style-type: none"> <li>• Work with providers' office to meet needs of patient</li> <li>• Weekly off site pharmacist led injection clinics</li> <li>• Protocols, collaborative practice agreements</li> </ul>	<ul style="list-style-type: none"> <li>• Manage daily operations in an independent pharmacy</li> <li>• Account maintenance and acquisition</li> <li>• Marketing</li> </ul>	<ul style="list-style-type: none"> <li>• Medication therapy counseling</li> <li>• Manage specialty disease states</li> <li>• Clinical chart review</li> <li>• Specialty medication teaching</li> </ul>

## WHAT MAKES MCW UNIQUE

New knowledge changes everything, from a single life to an entire community.

At the core of everything we do at the Medical College of Wisconsin (MCW) is the pursuit of new knowledge and the power of academic medicine. Bringing together the world's top scientists and clinicians, inspired students and invested communities, we are driven to solve the most complex challenges in health and society. MCW is home to a diverse group of thought leaders collaborating to build a healthier world and a continuous cycle of life-changing knowledge.
